

## APPEC 2006 Cocktail Reception

---

A regular highlight at APPEC (Asia Pacific Petroleum Conference), Vopak and Brostrom hosted its 21st cocktail reception this year with resounding success. The event was graced by over 600 delegates and industry leaders, who took opportunity to leverage on this event as a platform for networking and the exchange of ideas.

An important facet in our brand promotion and industry outreach, Vopak's hosting of the APPEC cocktail reception has become recognised as one of the "must attend" events during the hectic APPEC week.

We look forward to hosting this memorable event again next year.
